

**Hello to somebunny so special and sweet,
I hopped in with cheer on soft bunny feet!**

**I bounced through the garden from far away,
To leave you this note on Easter Day.**

**You've been kind and full of heart,
Helping others and doing your part.**

**Learning and growing, sharing too—
That's why I left some surprises for you!**

**So search high and low, look here and there,
You'll find little eggs with color to spare!**

**With a hop and a wiggle and a twitch of my nose,
I vanished like magic—off on my toes!**

**'Tis time to bounce home to the next little den,
I'll return next Easter to see you again!**

**Keep giggling, growing, and doing your best,
And I'll be back after a long bunny rest!**

**Hoppily Yours,
The Easter Bunny **
